COLLECTIVE BARGAINING AGREEMENT
By and between
PIERCE COUNTY
PUBLIC TRANSPORTATION BENEFIT
AREA CORPORATION and
AMALGAMATED TRANSIT UNION,
LOCAL 758, AFL-CIO

This AGREEMENT is between the PIERCE COUNTY PUBLIC TRANSPORTATION BENEFIT AREA CORPORATION (hereinafter called the Employer) or any successors or assignees thereof, and AMALGAMATED TRANSIT UNION, LOCAL 758, AFL-CIO (hereinafter called the Union) for the purpose of setting forth the mutual understanding of the parties as to wages, hours and other working conditions of employment of those employees for whom the Employer has recognized the Union as exclusive collective bargaining representative.

ARTICLE 1 - SUBORDINATION OF AGREEMENT

It is understood that the parties hereto and the employees of the Employer are governed by the provisions of applicable state and federal laws. When any provisions thereof are in conflict with or are different than the provisions of this Agreement, the provisions of said state and federal laws are paramount and shall prevail.

ARTICLE 2 - RECOGNITION AND BARGAINING UNIT

The Employer hereby recognizes the Union as the exclusive collective bargaining representative for the purposes stated in Chapter 41.56 RCW as last amended of all employees employed within the bargaining unit defined by the classifications listed in Appendices A, B, C, D, E and F to this Agreement. The Employer will notify the Union of newly created job classifications during the term of this agreement. After conferring with the Union, if no agreement is reached regarding inclusion of a job classification in the bargaining unit, the dispute will be referred to the Public Employment Relations Commission pursuant to 41.56 RCW. If the job classification is to be included in the bargaining unit, the Employer will negotiate the wage rate and changes of working conditions.

ARTICLE 3 - UNION MEMBERSHIP AND DUES

- A. It shall be a condition of employment that all employees of the Employer covered by this Agreement and hired on or after its execution date shall, on the thirtieth (30th) day following the beginning of such employment, become and remain members in good standing in the Union, or in lieu thereof pay each month a service charge to the Union as a contribution towards the administration of this Agreement; provided, that objections to joining the Union which are based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member will be observed. Any such employee shall pay an amount of money equivalent to regular union dues and initiation fees to a non-religious charity or to another charitable organization mutually agreed upon by the employee affected and the bargaining representative for which such employee shall furnish written proof to the Union that such payment has been made. If the employee and the bargaining representative do not reach agreement on such matter, the Public Employment Relations Commission shall designate the charitable organization.
- B. It shall be the responsibility of the Union to provide all disclosures required by law concerning service fees.

- C. The Union agrees that membership in the Union will not be denied or terminated for any reason other than the failure of an employee covered by this Agreement to tender the periodic dues and initiation fees uniformly required as a condition of acquiring membership in the Union. The parties also agree that, when an employee fails to fulfill the above obligation, the Union shall provide the employee and the Employer with thirty (30) days' notification of the Union's intent to initiate discharge action. During this period the employee may make restitution in the amount that is overdue.
- D. The Employer agrees to deduct from the paycheck of each employee who has so authorized it, the regular initiation fees, regular monthly dues, and assessments uniformly required of members of the Union or in lieu thereof the monthly service charge. The amounts deducted shall be transmitted monthly to the Union on behalf of the employees involved. Authorization by the employee shall be on a standard form approved by the Employer and may be revoked by the employee upon request and the Union so notified. The performance of this function is recognized as a service to the Union by the Employer.
- E. The Employer agrees to deduct from the paycheck of each employee who has so authorized it, a contribution to the Committee on Political Education (COPE). The amount deducted shall be transmitted monthly to the COPE, 5025 Wisconsin Avenue, NW, Washington, DC 20016. Authorization by the employee shall be on a standard form subject to an approval by the Employer, and may be revoked by the employee upon request. The performance of this function by the Employer is recognized as a service to the Union.
- F. The Union agrees that the Employer shall not terminate the employment of any employee under the provisions of this Article until written notification is received from the Union that an employee has failed to pay the required dues or service charge or provide proof of an alternative payment based on religious tenets as provided hereinabove. The Employer agrees that the Union will be notified of any termination at the time of termination of an employee and will also notify the Union of the hire of any new employee covered by this Agreement within three (3) working days after hire, if possible.
- G. New employees subject to the terms of this Agreement shall be required to read, date and sign a document setting forth the provisions of the Union security clause of this collective bargaining agreement.
- H. The Union shall indemnify and save the Employer harmless against any and all claims, suits, orders or judgments brought or issued against the Employer as a result of any action taken or not taken by the Employer under the provisions of this Article.

ARTICLE 4 - UNION ACTIVITIES

- A. **Visitation and Conduct of Union Business:** Authorized representatives of the Union may, after notifying the head of the department or delegate, visit the work location of employees covered by this Agreement at a reasonable time for the purpose of investigating conditions on the job. Such representatives shall confine their activities during such investigations to matters relating to this Agreement. Employer work hours shall not be used by employees or Union representatives for the conduct of Union business or the promotion of Union affairs.
- B. **Union Representatives:** The Union shall provide the Employer, in writing, with the names of the representatives who are authorized to resolve grievances and/or to serve as shop stewards.

- E. **Leave for Business Representative(s):** The Executive Director of Employee Services will approve granting of leave without pay and without loss of continued accrual of seniority for any employee who is a member of the Union in good standing and who the Union may desire to have act as its Business Representative or other Union official locally engaged in the business of the Union. For pension continuation purposes only, such a leave may be designated as paid leave when agreement is made in cases where the Employer is reimbursed monthly by the Union for salary, retirement contributions, and any other related costs incurred by the Employer.
- F. **Union Leave of Absence:** Time off with pay to attend the following meetings, will be granted to authorized representatives of the Union.
1. When attending Union/Employer meetings when such meetings are called at the request of the Employer or its duly authorized representative.

 3. Twenty-four (24) hours' notice will be given by the Union before leave for such Union business is taken, unless waived by the Employer.
 4. Such meetings as referred to in paragraphs 1. and 2. shall not exceed one hundred sixty (160) hours in any one calendar year.
 5. For pension calculation purposes only, up to an additional three thousand (3,000) hours may be designated as paid leave when agreement is made in cases where the Employer is reimbursed annually by the Union for such hours.
 6. The amount of reimbursement shall be based on the average rate of pay as of January 1 of each year for the Union Vice President, Financial Secretary/Treasurer, and Recording Secretary, plus the Employer's portion of applicable payroll taxes, pension and deferred compensation.
 - a. No later than December 1 of each year, the Union shall provide written notice to the Human Resources department designating the number of reimbursable hours for pension continuation purposes, not to exceed one thousand five hundred (1,500) hours. If notice is not received by December 1, the union will not have the opportunity to use pensionable leave hours until July 1.
 - b. Upon receipt of an invoice from the Employer, the Union shall remit payment no later than February 15 of each calendar year.
 - c. In July of each year, the Union shall have a one-time, irrevocable election to designate additional reimbursable hours for pension continuation purposes, not to exceed the annual limit of three thousand (3,000) hours. The election shall be provided to the Employer in writing by July 1.
 - d. Upon receipt of an invoice from the Employer for these additional hours, the Union shall remit payment no later than August 15 of each calendar year. The Union will not receive a pro-rated refund at the end of the year if the actual hours used are less than the amount indicated in the election notice.
 - e. If the Employer does not receive a written election by July 1, then no additional hours shall be allocated for pension continuation purposes for the remainder of that calendar year.
 7. These hours will not be considered as hours worked for the purposes of calculating overtime.
- G. **Union Business Relief:** An employee relieved from work for Union business shall not be penalized more than the time lost at the straight time rate.

- H. **Union Officials Leave of Absence:** The Vice President, Financial Secretary/Treasurer, and Recording Secretary will be granted, with twenty-four (24) hours' notice, time off work to conduct the business of the Union relating to this Agreement.

ARTICLE 5 - WORK STOPPAGES

- A. The Union and the Employer agree that the public interest requires the efficient and uninterrupted performance of all Employer services and to this end pledge their efforts to avoid or eliminate any conduct contrary to this objective.
- B. During the life of this Agreement, the Union shall not cause or condone any work stoppage, strike, slowdown, or other interference with Employer functions by employees under this Agreement. Employees covered by this Agreement who engage in any of the foregoing actions shall be subject to such disciplinary action as may be determined by the Employer.

ARTICLE 6 - MANAGEMENT RIGHTS

- A. The Union recognizes the prerogative of the Employer to operate and manage its affairs in all respects in accordance with its lawful mandate, and the powers or authority which the Employer has not specifically abridged, delegated or modified by this Agreement are retained by the Employer.
- B. The direction of its working force is vested exclusively in the Employer. This shall include, but not be limited to, the right to:
- (1) Direct employees;
 - (2) Hire, promote, transfer, assign and retain employees;
 - (3) Suspend, demote, discharge or take other legitimate disciplinary action against employees;
 - (4) Relieve employees from duty because of lack of work or other legitimate reasons;
 - (5) Maintain the efficiency of the operation entrusted to the Employer;
 - (6) Determine the methods, means and personnel by which such operations are to be conducted; and
 - (7) Take any actions necessary in condition of emergency, regardless of prior commitments, to carry out the mission of the Employer.

ARTICLE 7 - NONDISCRIMINATION

- A. The Union and Management agree to work cooperatively to ensure the achievement of the principles of non-discrimination. Further, it is mutually agreed that there shall be no discrimination based on Union membership or Union activity. Employees who believe they have been the subject of discrimination are encouraged to utilize the Agency's internal complaint procedures prior to seeking relief through external agencies.
- B. The term "Employee," as used in this Agreement, includes both male and female employees. Contract language has been written as gender neutral whenever possible.

ARTICLE 8 - GRIEVANCE PROCEDURE

- A. **Purpose:** The purpose of this procedure is to provide an orderly method for resolving grievances. A determined effort shall be made to settle any such differences at the lowest possible level in the grievance procedure. It is understood that there shall be no suspension of work, slowdown, or curtailment of services while any difference is in process of adjustment or arbitration pursuant to the terms of this Agreement.

B. **Definition:** A "Grievance," as is used in this Agreement, means a claim by the Union that the terms of this Agreement have been violated, or that a dispute exists concerning the proper application or interpretation of this Agreement. Grievances shall be processed in accordance with the following procedures within the stated time limits.

C. **Grievance Procedures – Contract Interpretation:** Steps in the grievance procedure for disputes involving contract interpretations:

STEP 1: The Union representative shall present the grievance to the appropriate division Executive Director, Senior Manager or designee within ten (10) business days of knowledge of the act or event being grieved, and they shall have ten (10) business days after receipt of the grievance within which to meet and resolve the issue. Note: The Union should contact the Labor Relations Officer (LRO) if there is a question as to who the appropriate designee would be to address the contractual concern at Step 1.

STEP 2: In the event that resolution is not reached, and the Union Business Representative believes the grievance has merit, the grievance shall be submitted in writing to the Executive Director of Employee Services or designee within twenty-five (25) business days of knowledge of the act or event being grieved. The grievance shall specify the act or event grieved, the date of the occurrence, the identity of the employee(s) who claims to be aggrieved, the specific provision of the Agreement that has been violated, and the remedy sought. The Employer will not be required to process a grievance until this information is provided. Grievances that do not meet this condition or are otherwise unclear will be identified by the Employer and referred back to the Union for written clarification. Time limits as they apply to this step will be suspended for up to five (5) business days to allow for union response.

STEP 3: The Executive Director of Employee Services or designee shall serve as chair of a Grievance Committee consisting of appropriate Employer personnel as designated, who will meet with the Employee and the Union representative to review the facts and resolve the grievance. The meeting shall be held within twenty (20) business days after receipt of the written grievance and the committee shall render a written decision within twenty (20) business days after the meeting.

STEP 4: In the event the grievance remains unresolved, the grievance may be appealed to arbitration by so notifying the Executive Director of Employee Services or designee in writing by registered or certified mail. Such notification must be received not later than thirty (30) business days after receipt by the Union of the committee's decision.

D. **Grievance Procedures – Disciplinary Action:** In the event that a grievance arises that involves disciplinary action, it shall be handled in the following manner:

STEP 1: In the event that the Union Business Representative or designee believes the grievance has merit, the grievance shall be reduced to writing and presented to the Executive Director of Employee Services or designee specifying the act or event grieved, the date of the occurrence, the identity of the employee who claims to be aggrieved, and if applicable, the provision of the Agreement that has been violated, and the remedy sought. The Employer will not be required to process a grievance until this information is provided. Grievances that do not meet this condition or are otherwise unclear will be identified by the Employer and referred back to the Union for written clarification. Time limits as they apply to this step will be suspended for up to five (5) business days to allow for union response. The grievance shall be presented within ten (10) business days after receipt by the Union Business Representative of the notice of discipline or the date of removal if the grievance involves immediate removal from the job site as provided in Article 11.C. Thereafter, the Union Business Representative or designee and the employee will meet with a committee chaired by the Executive Director of Employee Services or designee and other appropriate Employer personnel for the purpose of resolving the grievance. The meeting shall be

held within twenty (20) business days after receipt of the request for the meeting. The committee shall render a decision in writing within twenty (20) business days after such meeting is concluded.

STEP 2: In the event the grievance remains unresolved, then the grievance may be appealed to arbitration by so notifying the Executive Director of Employee Services or designee in writing by registered or certified mail of notice of appeal to arbitration within thirty (30) business days after receipt by the Union of the committee's decision. This provision shall not apply to grievances related to written reminders.

STEP 3: If a grievance involving a written reminder remains unresolved at Step 1 of this process, the grievance may be appealed to the Grievance Resolution Panel ("the Panel") by so notifying the Executive Director of Employee Services or designee in writing within thirty (30) business days after receipt by the Union of the committee's decision. Thereafter, the Panel will review all such cases at a regularly scheduled meeting.

E. Arbitration Procedure:

1. In the event that any grievance, dispute, or controversy, including disciplinary action, cannot be amicably adjusted in accordance with the provision of the grievance procedures defined in Sections C and D of this Article, it may be submitted to arbitration. Either party shall give notice of its intention to arbitrate as required in the applicable step. A list of nine (9) arbitrators shall be requested from the Federal Mediation and Conciliation Service. Both parties shall meet and each shall strike a name, until one (1) arbitrator is selected.
2. The Union and the Employer both agree that the submission of a case to arbitration shall be based on the original written grievance submitted following the grievance procedure in Sections C and D of this Article, and shall contain the nature of the grievance; act or acts grieved; date of occurrence; actual work performed; identity of employee or employees who claim to be aggrieved; provisions, if any, of this Agreement that the Employer has violated; and remedy sought.
3. Unless agreed upon in writing by both parties prior to the scheduling of the Arbitration, no more than one (1) grievance, dispute, or controversy shall be submitted before the same Arbitrator at one (1) hearing.
4. Upon mutual consent of the parties, an important grievance, dispute, or controversy may be severed from the other matters so as not to be heard at the same arbitration session or by the same Arbitrator. The Arbitrator shall determine whether good cause has been shown.
5. The Arbitrator shall settle or decide an issue or grievance submitted for arbitration within thirty (30) calendar days from the date on which the arbitration hearing closed.
6. All meetings and hearings under this procedure shall be kept informal and private, and shall include only such parties in interest and/or designated representatives.
7. The arbitrator shall have no authority to alter, modify, vacate or amend any terms of this Agreement, to limit or impair any common law right of the Employer, or to establish or change any wage or rate of pay contrary to the terms of this Agreement. In case of non-disciplinary arbitration, the power and authority of the Arbitrator shall be to hear and decide each non-disciplinary dispute and shall be limited to determining the meaning and interpretation of the terms of this Agreement as herein set forth. The decision of the arbitrator within these stated limits shall be final and binding on both parties and shall be in accordance with the laws of the state of Washington and the federal laws. The decision of the arbitrator shall be based solely on the evidence and arguments presented to him/her by the parties in the presence of each other.
8. The parties agree that the power and jurisdiction of any arbitrator chosen hereunder shall be limited to deciding whether there has been a violation of a provision of this Agreement.

9. The expense of the impartial arbitrator shall be borne equally by the parties. Each party shall bear the cost of preparing its own case, including attorney's fees and expenses, regardless of the outcome.
 10. It is specifically and expressly understood and agreed that taking a grievance appeal to arbitration constitutes an election of remedies and a waiver of any and all rights by the appealing employee, the Union, and all persons it represents to litigate or otherwise contest the appealed subject matter in any court or other available forum. Likewise, litigation or other contest of the subject matter of the grievance in any court or other available forum shall constitute an election of remedies and a waiver of the right to arbitrate the matter.
 11. No issue whatsoever shall be arbitrated or subject to arbitration unless such issue results from an action or occurrence which takes place following the execution date of this Agreement, and no arbitration determination or award shall be made by the arbitrator which grants any right or relief for any period of time whatsoever prior to the execution date of this Agreement. In case of a grievance involving any continuing or other monetary claim against the Employer, no award shall be made by the arbitrator which shall allow any alleged accruals for more than one hundred eighty (180) calendar days prior to the date when such grievance shall have first been presented.
- F. **Expedited Arbitration Procedure:** The Union and the Employer shall, upon mutual agreement, invoke the expedited arbitration procedures per the Federal Mediation and Conciliation Service (FMCS).
- G. **Time Limits:** Any and all time limits specified in the grievance procedure may be waived in writing by mutual agreement of the parties. Failure by the Union to submit the grievance in accordance with these time limits without such waiver shall constitute an abandonment of the grievance. Upon written notice, a retroactive waiver of up to five (5) business days will be provided by management to the Union on Step 2 grievances. Failure by the Employer to submit a reply within the specified time limits shall cause the grievance to advance to the next step of the grievance procedure.

ARTICLE 9 – FITNESS FOR DUTY EXAMINATIONS

- A. All employees may be required by the appointing authority with the approval of the Executive Director of Employee Services or designee to undergo for cause medical examinations to determine their physical and mental fitness to perform the work of the classification in which they are employed. The cost of these examinations shall be at the expense of the Employer.
- B. Determination of physical or mental fitness will be by a physician designated by the Executive Director of Employee Services. The physician will be provided a description of the work to be performed and its physical parameters.
- C. When an employee has been reported by the examining physician to be physically or mentally unfit to perform work in the position in which the employee is employed, the Employer will provide the employee with written notification of such findings by registered or certified mail. The employee shall have up to five (5) working days from date of receipt of this notification to indicate in writing to the Executive Director of Employee Services the employee's intention to submit the question of physical or mental unfitness to a physician of the employee's own choice at the employee's own expense. The same information provided to the initial examining physician relative to the work to be performed and its physical parameters shall also be provided to the employee's physician. Additionally, this physician will be given documentation outlining the Employer's concerns related to fitness for duty. The report of such examination shall be provided to the Executive Director of Employee Services not later than twenty (20) working days from the receipt of notification of unfitness of the employee.
- D. In the event of differing medical opinions, the employee shall undergo an examination by a third party physician for resolution. This physician shall be mutually agreed upon by the Employer and the Union. The third medical examination shall be the deciding opinion. The cost of this examination shall be at the expense of the Employer.

- E. Actions of the Employer based on the results of the examination are not considered to be disciplinary. If the Employer demotes or discharges the employee because of such results, the action shall be subject to the grievance procedure in Article 8 of this Agreement.

ARTICLE 10 - PROBATIONARY EMPLOYMENT

- A. New employees, with the exception of Transit Operator Trainees, shall be subject to a probationary period of one thousand forty (1,040) hours of time worked or six (6) months from the employment start date, whichever occurs first, provided that the Employer may extend such probation for a maximum of three (3) additional months. Periods of leave of absence without pay, paid leave and time worked in a transitional duty assignment will not be included in computing the six (6) month probationary period. Paid leave and transitional duty assignment hours will not be considered time worked for the purposes of calculating the 1,040 hours.
- B. For Transit Operator Trainees, at the successful completion of Transit Operator Trainee training and promotion to Relief Transit Operator, the probationary period as defined above in Section A shall begin, and standards set forth by management shall be adhered to.
- C. Probationary employees (including Relief Transit Operators) and Transit Operator Trainees shall not be considered regular employees, and their retention as employees shall be strictly within the discretion of the Employer ("at will"). When a probationary employee or Transit Operator Trainee is discharged, the employee may request that a Union representative be present.
- D. An employee who is promoted shall be required to complete a trial period of employment of one thousand forty (1,040) hours of time worked or six (6) months whichever occurs first, during which retention will be at the Employer's discretion. Periods of leave of absence without pay, paid leave and time worked in a transitional duty assignment will not be included in computing the six (6) month trial period. Paid leave and transitional duty assignment hours will not be considered time worked for the purposes of calculating the 1,040 hours. If the employee fails to successfully complete the trial period, the employee shall be permitted to return to the position from which he/she was promoted.

ARTICLE 11 - DISCIPLINE AND DISCHARGE

- A. Written reminders, notices of suspension, notices of decision making leave and notices of discharge will become a part of an employee's personnel file. The employee and the Union will receive a copy of such disciplinary documentation. The employee will be asked to sign disciplinary documentation to acknowledge receipt of same. If the employee declines to sign, a witness may sign in the employee's place.
- B. An employee may be suspended without pay, given a decision making leave, demoted or dismissed for cause.

- C. If the Employer believes a situation exists requiring the immediate termination or removal from the job site of an employee, the hiring authority should carefully document the reasons for such a decision. Grounds for immediate dismissal shall be:
1. Intoxication, drinking intoxicating beverages, or possession or use of illegal drugs while on duty or on the Employer's premises, or arriving on the job under the influence of intoxicating beverages or drugs.

2. Misuse of drugs.

1. Agency seniority, which is the length of continuous employment of an employee with the Employer commencing on the employee's last date of hire.
 2. Classification seniority, which is the length of aggregate employment of an employee within a classification to which he/she has been regularly appointed and commencing on the date on which the employee is appointed to a regular position.
 - a. Employees who are promoted to a classification not included in the bargaining unit shall have their seniority frozen and will lose said seniority at the conclusion of one (1) year (to include the probationary period).
 - b. Employees promoted to the position of Service Supervisor, Instructor, Dispatch Coordinator, Specialized Transportation Dispatcher, Communications Coordinator or Special Events Coordinator shall continue to accrue seniority in the position from which they were promoted concurrent with service in the new classification.

- B. Employees who were employed by any governmental or private employer whose operations have been acquired by the Employer shall have their seniority based on their date of hire with Pierce Transit for the purpose of establishing agency seniority and classification seniority.
- C. An employee shall lose all seniority credit in the event of a voluntary or involuntary termination. However, seniority shall not be lost because of authorized leaves of absence or lay off.

ARTICLE 13 - LAY OFF AND RECALL

- A. **Lay off:**
1. In the event of a lay off, the Employer shall determine the classifications in which positions are to be reduced. Employees will be laid off in accordance with classification seniority as defined in Article 12.A.2. Employees who are designated to be laid off shall be given thirty (30) calendar days' notice, or as much advance notice as possible, prior to the effective date of the lay off.

2. An employee who is in a classification designated for reduction may displace an employee in any equal or lower classification in the division in which said employee previously held regular status; provided said employee has more seniority in the classification than the employee he/she desires to displace. This option shall only be exercised once in any lay off.
3. Agency seniority for benefits purposes shall not accrue during lay off. Classification seniority shall continue to accrue for a period not to exceed twenty-four (24) months following the last day of employment.

B. Recall:

1. Employees shall be recalled in the reverse order of lay off as provided in Section A. above.
2. Notice of recall shall be mailed to employees at their last known address by registered or certified mail with a copy to the Union. It is the employee's responsibility to keep the Employer informed of his/her current address. If any employee fails to notify Human Resources of his/her intent to accept the recall within ten (10) calendar days from the date of mailing the notice of recall, he/she shall be considered to have quit, shall cease to have seniority, and shall have his/her name removed from the recall list.
3. Prior to reinstatement, employees must be able to perform the essential functions of the job as outlined in the job description. An employee unable to perform the essential functions due to illness or injury will retain his/her position on the recall list. Prior employee performance may not be used to deny reinstatement.
4. Training on technology and equipment introduced during lay off will be provided and the employee will have thirty (30) calendar days after completion of training within which to demonstrate the ability to perform the job as outlined in the job description.
5. Recall rights of any employee shall expire twenty-four (24) months from the date of lay off.

- C. Employer's Authority:** Nothing in this Article or any part of this Agreement is intended to restrict the sole authority of the Employer to determine the necessity of service reductions, the form of the reduction, and the duration of lay off.

ARTICLE 14 - INSURANCE AND OTHER BENEFITS

A. General – Benefit Information:

1. The Agency will provide medical, dental and vision insurance plan coverage for all eligible employees and their dependents.
2. Employees will have the option of waiving coverage under both the group medical (including vision) and dental insurance plans offered by the Employer if they are covered under another plan. Employees waiving just medical (including vision) coverage will be reimbursed three hundred dollars (\$300) per month, those who waive just dental will be reimbursed fifty dollars (\$50) per month, and those who waive both medical (including vision) and dental will be reimbursed a total of three hundred and fifty dollars (\$350) per month. Employees electing to drop medical or dental insurance will be required to provide evidence of alternative coverage and cannot change this election until the end of the plan year during the annual open enrollment period. The AWC Benefit Trust requires a minimum participation rate of seventy five percent (75%) of all eligible employees in the bargaining unit, which allows for up to twenty five percent (25%) to opt-out. Once the 25% opt-out threshold is reached, the opt-out program will be closed, and future opt-out slots that become available will be offered on a first come, first-served basis on a list maintained by the Employer and shared with the Union.

3. An employee may elect to cover his/her domestic partner on the Employer's group medical and/or dental plan under the same terms and conditions as those applied to a legal spouse. The insurance plan provider will determine the verification documentation required for domestic partnership, spouse and dependent enrollment.
4. The Employer will not change the existing medical, vision and dental insurance policies during the term of this Agreement unless by mutual agreement of the Employer and the Union. If an increase in total plan premium exceeds ten percent (10%) in any benefit year, the Employer and the Union agree to discuss selecting a less costly plan. If the parties are unable to agree on a plan for which the increase in the total plan premium does not exceed ten percent (10%), any increase over ten percent (10%) will be split equally between the Employer and each employee.

In addition, the Union and the Employer will annually jointly review the medical, dental and vision insurance policies and will work together to develop methods by which to (a) control the increasing costs of health care insurance; and (b) to make any necessary plan or design changes in order to avoid imposition of the excise tax (or "Cadillac Tax") under the Affordable Care Act. Provided however:

The parties agree neither the Employer, the Union, nor bargaining unit employees should be subject to any penalties, taxes, or liabilities associated with the Cadillac Tax. The Cadillac Tax is currently scheduled to take effect on January 1, 2020 or on a later date set by the federal government. If the current insurance plans are projected to incur the Cadillac Tax, the Employer agrees to notify the Union at least five (5) months prior to the effective date of the Cadillac Tax. The Employer and Union will promptly meet solely for the purposes of negotiating medical insurance coverage and/or implementing revised cost-sharing to avoid the Cadillac Tax. In the event the parties cannot reach an agreement, they agree to statutory interest arbitration, to be held at least three (3) months before the effective date of the Cadillac Tax. The arbitrator's duty shall be limited to awarding medical insurance benefits below the limits of the Cadillac Tax.

5. Medical, dental and vision plan design is outlined per the AWC Benefit Trust and agreed to between the parties.
6. Employees will be offered the option of participating in a flexible spending account.

B. Medical, Dental & Vision Insurance:

1. The employer will pay the actual premium cost for medical, dental and vision insurance coverage for each participating employee, subject to an employee monthly premium cost share on a tiered rate basis, based on the employee's medical plan and coverage selection according to the following:

• Regence, HealthFirst 250 Plan	8%
• Vision Service Plan (VSP), \$0 Copay Plan	0%
• Delta Dental of Washington, Plan E	9%

- Willamette Dental, \$15 Copay Plan 9%

- Regence, HealthFirst 250 Plan 9%
- Vision Service Plan (VSP), \$0 Copay Plan 0%

- Willamette Dental, \$15 Copay Plan 10%

2. All premium cost sharing will be based on actual AWC rates.

C. Life Insurance:

1. All represented employees shall be enrolled in the group life insurance plan unless coverage is specifically waived. The Employer shall contribute fifty percent (50%) of the monthly premium per one thousand dollars (\$1,000) of coverage for each employee on the plan.
2. The minimum group life insurance coverage shall be five thousand dollars (\$5,000). Whenever, as of January 1, and July 1, the insured's annual basic salary exceeds the amount of insurance in force, the insurance coverage for said insured shall be raised to the next highest thousand dollar (\$1,000).
3. Employees may also purchase an optional supplemental group life insurance plan, the premiums for which shall be the sole responsibility of the participating employee.
4. The Employer may move to a new insurance carrier for Life Insurance, so long as coverage remains equal or better to that which is currently provided to bargaining unit employees.

D. Assault Insurance: The Employer shall pay a principal sum of fifty thousand dollars (\$50,000) to an eligible employee who is feloniously assaulted in the course and scope of employment for injuries resulting in death, dismemberment or permanent total disability that prevents the employee from returning to the job of injury. This payment would be in addition to benefits to which the employee would be entitled under the workers compensation laws of the state. For employees claiming dismemberment or a permanent total disability, eligibility for the assault benefit will be dependent upon the Washington State Department of Labor and Industries impairment and disability rating.

E. 457 Deferred Compensation: The employer shall pay on a dollar-for-dollar matching basis a percentage of wages into a deferred compensation savings program. The match applies to employees who have completed probation, except Relief Transit Operators who shall be eligible to participate after six (6) months of employment. The match shall be based on years of agency service. Employees participating in the program will receive an annual match according to the following schedule:

- F. **Long-Term Disability:** All represented employees will participate in a 100% employer paid long-term disability insurance program. The Union and the Employer will periodically jointly review the costs of this insurance and work together to ensure a plan is offered that provides a comprehensive disability benefit at the lowest cost available. The long-term disability plan shall have no more than a ninety (90) day waiting/elimination period and provide a minimum benefit of sixty percent (60%) of an individual's monthly base wages up to the plan maximum and as defined by the plan.

The Employer may move to a new insurance carrier for Long-Term Disability Insurance, so long as coverage remains equal or better to that which is currently provided to bargaining unit employees.

Vacation leave earned shall be credited to an employee's accruals after the completion of each bi-weekly pay period and may not be used in the pay period earned.
- 2. Employees shall accrue vacation leave by reason of tenure. Increases in the accrual rate shall begin in January of the year in which periods of aggregate service are completed according to the schedule below:

In the event an employee is unable to use vacation prior to exceeding the two (2) year limitation because of continued illness due to job related disability, and provided the employee submits a written request to the Executive Director of Employee Services or designee explaining the employee's circumstances, such unused vacation leave may be allowed to accumulate until the employee returns to work or is separated. Vacation leave in excess of two (2) years' accrual, if not taken within one hundred eighty (180) calendar days after the employee returns to work, shall be forfeited.
- 6. All Relief Transit Operators will be eligible for six (6) paid days of vacation, upon completion of six (6) months of employment, to be used within twelve (12) calendar months and, simultaneously, will begin accruing 1.85 hours of vacation per pay period.  - a. If an operator works a split shift, they may take one or both as vacation leave.
 - b. No vacation leave will be granted that requires on the road relief unless a relief vehicle is already going to the location at which relief is needed within 30 minutes of the requested vacation leave start time.
 - c. Operators signing straight runs may choose to vacate their bid assignment and make themselves available for open work such as a tripper or that which would meet their leave request without requiring training or an on the road relief.
- 3. Clerical Assistants serving in the capacity of Money Counters shall be paid vacation leave by dividing the total number of paid hours in the previous pay period by the total number of days paid in the previous pay period (however, total number of days paid does not include paid weekend days for emptying currency bins).

4. **Road Relief:**
 - a. Paratransit Operators who do not have a “split” run/assignment option, will be relieved at the base for partial run/assignment vacation leave requests, and shall be exempt from limitation of “road relief” requests.

ARTICLE 19 - ON-THE-JOB INJURY

- A. **Supplemental Benefit:** An employee who is otherwise eligible for sick leave accumulations and who is injured on the job shall be paid to the extent of sixty (60) working days for and within one (1) calendar year following each new and separate injury, in addition to, and prior to, the use of sick leave accumulations, and as a supplement to any minimum benefits due under the State Industrial Insurance Act, except as provided hereafter in this section.
- B. **Eligibility:** The employee's eligibility for this supplemental payment of time-loss compensation and the extent thereof will be based on the eligibility and minimum payments due as determined by the State Department of Labor and Industries (L&I) under the State Industrial Insurance Act. Such employee shall be paid a supplemental amount by the Employer which when combined with the L&I minimum payment due will equal (a) ninety percent (90%) of the employee's normal wage for the first thirty (30) days of eligible time-loss, and (b) eighty percent (80%) for the next thirty (30) days of eligible time loss.
- C. **Limitations:** Such payments shall be made to the extent of sixty (60) working days of eligible time-loss absence and for a period not to exceed one (1) calendar year after the date of injury according to the following schedule:
1. Charges shall be made against sick leave accruals, if any, for the date of injury and for the three (3) day waiting period as defined in the State Workers Compensation Act. If injury time loss exceeds fourteen (14) calendar days, then sick leave used during the three (3) day waiting period shall be returned and compensation computed as provided above.
 2. After the payment and use of the sixty (60) working days, at the election of the employee, charges shall be made against sick leave accruals, if any, for further time loss due to the injury in order to bring the employee's compensation to the eighty percent (80%) level.
 3. In the event an employee becomes disabled prior to completing thirty (30) working days employment with the Employer, a maximum of thirty (30) working days Employer supplementation as defined above shall be allowed.
 4. Charges may be made against sick leave accruals, if any, in any case where the Employer is contesting that the injury occurred on the job. In the event the State determines in favor of the employee, sick leave so charged shall be recredited to the employee's sick leave accrual balance and all payments due in excess of the minimum amount determined by L&I shall be recoverable by the Employer or deducted from future payments due the employee from the Employer.

5. In the event eligibility for payment is denied by the State, the employee shall be eligible to utilize sick leave accruals, if any, retroactive to the date of injury.
6. Upon making such payments as are provided for in this section, the Employer shall be subrogated to all rights of the employee against any third party who may be held liable for the employee's injuries to the extent necessary to recover the amount of payment made hereunder, provided, that where actual recovery is made against a third party hereunder, sick leave charged against the employee's accruals shall be recredited to the extent such funds reflect recovery for payments attributable to compensated sick leave.
7. In order to limit the obligation of the Employer for each new and separate injury and to encourage timely receipt of benefits for the employee, the Employer may require the employee to furnish medical proof or submit to a medical examination by the Employer at its expense to determine whether a subsequent injury is a new and separate injury or an aggravation of a former injury received while in the service of the Employer. Such examinations are subject to State Industrial Insurance Act requirements for notice and location by the Employer. The failure of an employee to appear for a duly scheduled examination will result in the forfeiture of any remaining supplemental payment above the L&I minimum, if it is found that the employee's failure to appear was a willful failure to cooperate in the examination process.
8. Employees will accept transitional or light duty assignments when the Employer determines that such assignments are appropriate, and the treating medical provider has released the employee to perform the assignment. Employees who refuse to accept such assignments will be subject to forfeiture of any remaining supplemental payments over the L&I minimum as provided in Section B above, and may be subject to discipline if such refusal constitutes insubordination under the terms of this agreement.
9. Employees who are absent because of an on-the-job injury and are receiving industrial insurance payments shall not accrue sick leave, and after sixty (60) workdays of absence, shall not accrue vacation leave.
10. Employees must permit home visits or medical examinations at the expense and convenience of the Employer for purposes of verifying their on-the-job injury status. A Union representative will be given twenty-four (24) hours' notice prior to such home visits and shall be permitted to accompany the Employer. Employees who refuse to allow such visits or examinations will be subject to forfeiture of any remaining supplemental payments over the minimum determined by L&I as provided in Section B above, and may be subject to discipline if such refusal constitutes insubordination under the terms of this agreement.

 - a. shift
 - b. classification
 - c. regular work area (i.e. Inspection, Center Lane, etc.)
 - d. seniority

When seeking volunteers, the overtime work will first be offered by seniority to employees in the regular work area, classification, and shift. Should no qualified employees volunteer in the regular work area, volunteers will be sought by seniority in the classification. Should no qualified employees volunteer in the classification, volunteers will be sought by seniority from other classifications in the shift who are qualified to perform the work. Should there be no volunteers using this process, overtime will be mandatorily assigned per Article 28.B(2) below.

“Shift” for purposes of offering or assigning overtime, shall be defined as follows:

Assignments will be made in reverse order of seniority, as defined in Article 28.B(1), i.e. the least senior employee beginning in the regular work area, then classification (if no qualified employee is available in the

regular work area), and then shift (if no qualified employee is available in the classification) where the overtime is worked.

3. In emergent situations such as but not limited to weather, accidents, or equipment failure, the Employer will assign overtime to the employee(s) possessing the skills and abilities necessary to effectively and efficiently address the issue. In the case where several employees meet these requirements, the Employer will follow classification seniority during the call-in process.
 4. If a dispute arises, employee qualification to perform overtime work under this Article shall be determined by Pierce Transit.
- C. **Work Apparel:** The Employer shall supply employees with coveralls, uniforms and/or personal protective equipment on the basis of need. Raincoats and rain pants shall be provided to employees in the classifications of Laborer and Service Station Attendant if the individuals in these classifications should request one. Raincoats and rain pants will also be available to the remaining classifications in Fleet Maintenance upon request and with approval of the Employer on a case-by-case basis. Worn out raincoats and rain pants must be turned in prior to the employee receiving a replacement.
- D. **Safety Glasses:** If the Employer mandates employees wear safety glasses in their work space or in connection with their regular job duties, appropriate eye wear/safety glasses will be provided by the Employer. If the employee requires prescription safety eyeglasses, the Employer will provide the employee with one (1) pair of prescription safety eyeglasses, including frames and prescription lenses, through a vendor and catalog selected by the Employer. Prescription safety eyeglasses rendered unusable in connection with an employee's job duties will be replaced by the Employer up to once per calendar year.  - b. classification
 - c. regular work area
 - d. seniority

When seeking volunteers, the overtime work will first be offered by seniority to employees in the regular work area, classification, and shift. Should no qualified employees volunteer in the regular work area, volunteers will be sought by seniority in the classification. Should no qualified employees volunteer in the classification, volunteers will be sought by seniority from other classifications in the shift who are qualified to perform the work. Should there be no volunteers using this process, overtime will be mandatorily assigned per Article 29.B(2) below.

“Shift” for purposes of offering or assigning overtime, shall be defined as follows:

Review initiated by a Precipitating Event will be for the purpose of determining what actually happened, and an employee may be subject to coaching, counseling, or more serious discipline as a result. Any discipline resulting from review of audio or video recording must be related to the initial purpose of the review, limited in time by sixty (60) seconds before and sixty (60) seconds after a Precipitating Event (or, in the case of third-party fleet management technology, limited by eight (8) seconds before and four (4) seconds after a triggering event); however, discipline may also be issued if review of the data reveals misconduct, even if unrelated to the original purpose. Any such discipline shall be in accordance with the terms of this Agreement, consistent with progressive discipline principles (currently "Positive Performance Counseling"), unless individual circumstances merit otherwise, and subject to the for cause standard and grievance procedure, per Article 11. If the Employer reasonably believes that the audio or video may be used as evidence to support discipline, the Union President-Business Agent or designee(s) will be notified of such, and will be given an opportunity to review or obtain a copy of the audio and/or video prior to any *investigatory* meeting with the subject of the recording.
8. Other technology used by the Employer (*e.g.*, computer aided dispatch/automatic vehicle location) provides data on performance of vehicles, equipment, routes, and resource allocation. The Employer monitors this data for accuracy and efficiency purposes. The parties agree that the Employer will not randomly or routinely review such data solely for disciplinary reasons, or as part of targeted surveillance for "fishing." Auditing or inspecting data by the Employer shall be limited to legitimate business purposes (*i.e.*, accuracy, efficiency, etc.), therefore targeted surveillance, random review, or "fishing" in connection with an audit or inspection shall not be permitted. If the Employer reviews data for legitimate business purposes and the data reveals possible misconduct, the Employer may rely on the data to support discipline. If the Employer believes that such data reveals possible misconduct, such that it may be used to support discipline of a bargaining unit member, the Employer will notify the Union so that it may request a copy of such data. The parties agree that any such request will not be a basis for delaying an investigatory interview of an employee. Any such discipline shall be in accordance with the terms of this Agreement, consistent with progressive discipline principles (currently "Positive Performance Counseling"), unless individual circumstances merit otherwise, and subject to the for cause standard and grievance procedure, per Article 11.
9. Maintenance Employees properly testing fleet equipment in accordance with their regular duties shall be excused from any coaching or discipline resulting from a review of audio and video data flagged for review by a third-party fleet management technology package provided by a third-party vendor (*e.g.*, Lytx, DriveCam, or similar vendor).
10. With respect to a fleet management technology package provided by a third-party vendor (*e.g.*, Lytx, DriveCam, or similar vendor), audio and video data will not be set to be continually preserved. Instead, audio and video data will be preserved and reviewed only when automatically triggered by the technology in response to triggering events (*e.g.*, accidents, collisions, acceleration, sudden deceleration, hard braking, or hard turning). In addition, operators have the discretion to manually trigger audio and video data for review. The Employer agrees not to arbitrarily review said audio and video data. When audio and video data is automatically triggered by the technology or manually triggered by the operator, review by the Employer shall be limited to eight (8) seconds

before and four (4) seconds following the triggering event. The Employer agrees to provide training to operators for the safe and efficient use of the technology. The primary purpose of the fleet management technology package shall be safety, training, and coaching; discipline may result only in accordance with the terms of Article 32.B(7).

- C. **Requests for Video or Audio Recordings:** The Employer will provide the Union with a form for use in making requests for copies of audio or video recordings involving Union members. The parties agree that any such request will not be a basis for delaying an investigatory interview of an employee.

If the Employer believes that information in audio or video recordings may be used to support a preventable accident ruling or to support discipline of a bargaining unit member, the Employer will provide a copy of the recording to the Union.

ARTICLE 33 - SAVING CLAUSE

Should any part hereof or any provision herein contained be rendered or declared invalid by reason of any existing or subsequently enacted legislation or by any decree of a court of competent jurisdiction, such invalidation of such part or portion of this Agreement shall not invalidate the remaining portions thereof, and the remaining parts or portions thereof shall remain in full force and effect. Both parties agree to immediately attempt to renegotiate such invalidations to a form acceptable to both parties.

ARTICLE 34 - ENTIRE AGREEMENT

- A. The Agreement expressed herein in writing constitutes the entire agreement between the parties and no express or implied statement or previously written or oral statements shall add to or supersede any of its provisions.
- B. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter appropriate for collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Employer and the Union, for the life of this Agreement, each voluntarily and unqualifiedly waive the right and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this Agreement. All terms and conditions of employment not covered by this Agreement shall continue to be subject to the Employer's direction and control.
- C. **Re-Opener for Paid Sick Leave Bargaining** – In light of Initiative 1433, Washington's upcoming paid sick leave law, during the term of this Agreement, this Agreement may be reopened solely for purposes of bargaining changes to paid sick leave. Changes may include, but are not limited to, accrual, usage, carry-over, enforcement, discipline, cash-out, etc. Changes to other types of paid leave may be bargained only by mutual agreement of the parties. If either party desires to reopen this Agreement, it will provide at least thirty (30) days' written notice to the other party.

ARTICLE 35 – TERMINATION

Term of Agreement: This Agreement shall remain in full force and effect from July 1, 2017 through December 31, 2020 provided, however, that this Agreement shall be subject to such change or modification as may be mutually agreed upon by the parties hereto. It is the intent of the parties to this Agreement that negotiations for change or modification shall begin at least ninety (90) days, and in no event later than sixty (60) days, prior to the termination of this Agreement.

MEMORANDUM OF AGREEMENT – COMMUNICATIONS CONTROLLER PILOT PROGRAM

**Pierce Transit to ATU Local 758
October 3, 2017 Proposal
re: Communications Controller Pilot Program**

Pierce Transit ("PT") and the Amalgamated Transit Union Local 758 ("Union") have a mutual interest in establishing a separate job classification for employees who perform the work currently done by Service Supervisors in the PT Communications Center ("Comm Center"). As such, the parties have discussed and agree to the following Pilot Program:

1. **Period of the Pilot Program:** Upon signing of the successor collective bargaining agreement between PT and ATU Local 758 ("CBA") for 2017 and beyond, PT will commence the implementation process for this Pilot Program. The parties agree to meet periodically as needed to discuss and address issues which may arise as a result of the implementation of this Pilot Program. PT will perform a final assessment of the Pilot Program's effectiveness by no later than June 30, 2020, and notify the Union of its intent to adopt or discontinue the separate Communications Controller job classification.
2. **Communication Controller job classification:** For the purpose of this Pilot Program, the positions performing the work, as assigned by management, of the Comm Center will be called Communications Controllers ("Comm Controllers"). A job classification description will be developed by Employee Services to include duties, responsibilities and qualification requirements.
3. **Comm Controller salary:** For the duration of the Pilot Program, the Communications Controllers will be paid at the rate equal to the Communications Coordinator listed in Appendix A of the CBA.
4. **Number of Comm Controllers:** For the purpose of implementing this Pilot Program, PT management proposes, but is not limited to, a staffing level of eleven (11) scheduled Comm Controller positions and one (1) extra board Comm Controller position. Management retains the right to determine the number of full time equivalent (FTE) positions needed to cover the work of the Comm Center.
5. **Filling the initial twelve (12) positions:** The following will be used in filling the initial twelve (12) positions proposed for the Comm Controller classification:
 - a. **Grandfathering** – PT management will ask current Service Supervisors who have worked in the Comm Center for the last two (2) consecutive years if they wish to continue working in the Comm Center and be grandfathered into the new Comm Controller classification.
In addition, employees who are not currently working in the Comm Center but have worked at least three (3) of the last four (4) years in the Comm Center will also be considered for grandfathering. Calculation of the cumulative time worked shall

include time served in the Comm Center as an Extra Board Service Supervisor within the last four (4) years.

- b. **Recruitment and selection** – If not all Comm Controller positions have been filled once the grandfathered Comm Controllers have been identified, PT will recruit and select employees to fill the remaining Comm Controller positions through an internal competitive process open to all Service Supervisors. If an insufficient number of qualified candidates apply for this internal recruitment amongst the Service Supervisors, the parties will meet to determine an alternative to filling all the Comm Controller positions.

6. Training:

- a. Service Supervisors who are currently working in the Comm Center and who elect to remain as grandfathered Comm Controllers will not be required to complete additional training.
- b. Comm Controllers hired through a recruitment process who have never worked in the Comm Center or who have not worked in the Comm Center in the last two (2) years will be required to complete and pass a training program.
- c. Comm Controllers hired who have successfully worked in the Comm Center within the last two (2) years will be provided training as needed to help them be successful as Comm Controllers.

7. Probationary period:

- a. Service Supervisors who are currently working in the Comm Center and who elect to remain as grandfathered Comm Controllers will not be required to complete a promotional probationary period.
- b. Comm Controllers hired through a recruitment process or promoted from the Relief Comm Controller program will be required to successfully complete a promotional probationary period per Article 10.D of the CBA.

8. Seniority of Comm Controllers: The following adds to or clarifies Article 12.A.2 of the CBA with regard to classification seniority for employees in the Comm Controller classification:

- a. Classification seniority:
 - i. For each Service Supervisor who is grandfathered into the Comm Controller position, his/her Comm Controller seniority shall be the seniority he/she accumulated as a Service Supervisor.
 - ii. For employees who are hired for the Comm Controller positions through a recruitment process or who are promoted from the Relief Comm Controller program, the date of their hire/promotion into the Comm Controller classification shall be their classification seniority date. If more than one Comm Controller is hired on the same date from the Service Supervisor classification, the employees' Service Supervisor seniority shall determine the priority of their seniority in the Comm Controller classification. If more than one Comm Controller is hired on the same date from more than one job

- classification, the employee promoted from the higher paying job classification shall have seniority priority.
- b. Concurrent seniority accrual – Article 12.A.2.b will be modified as follows:
"Employees promoted to the position of ~~Communications Controller~~, Service Supervisor, Instructor, Dispatch Coordinator, Specialized Transportation Dispatcher, Communications Coordinator or Special Events Coordinator shall continue to accrue seniority in the position from which they were promoted concurrent with service in the new classification."
9. **Shake-up signing:** Comm Controllers will have two (2) shake-ups per year to be effective in the months of March and September. Shake-up procedures will be similar to that used by the Service Supervisors as outlined in Article 26 of the CBA (as revised and agreed to by the parties on June 7, 2017).
10. **Vacation selection:** One (1) vacation slot will be open for Comm Controllers to sign during vacation signing. Additional vacation requests will be considered by management on a case-by-case basis.
11. **Creation and filling Relief Comm Controller program:** PT management shall determine the number of Relief Comm Controllers needed. For the duration of the Pilot Program, only employees from the Service Supervisor classification or Relief Service Supervisors will be eligible to apply for the Relief Comm Controller program. For the duration of the Pilot Program, Relief Comm Controllers will be required to pass training and be qualified to work in the Comm Center and all Service Supervisor disciplines (Dispatch and Field). Additionally, Relief Supervisor Supervisors will continue to be required to pass training in Dispatch, Field and Comm Center.
12. **Assignment of open work:** Open work will be filled by the extra board Comm Controller. If there is still open work, it will be assigned to Relief Comm Controller(s).
13. **Filling future Comm Controller vacancies:** After the initial twelve (12) Comm Controller positions have been filled, if a regular Comm Controller vacancy occurs and management decides to fill the vacancy, the most senior Relief Comm Controller will be promoted to Comm Controller per established practice. All provisions regarding probationary period shall apply. If there is a regular Comm Controller position vacant, and there is no Relief Comm Controller in the Relief Comm Controller program, the position will be filled through a competitive recruitment process.
14. **One time voluntary bump back during Pilot Program:** The intent of this Pilot Program to test the effectiveness of establishing a separate Comm Controller job classification where qualified employees would remain in the job on a permanent basis. However, during our trial period, the parties recognize that changes may be unavoidable. Therefore, during and only during the Pilot Program, employees selected to fill one (1) of the initial twelve (12) positions

will have one (1) opportunity to "bump" back to the job classification they held immediately prior to the promotion to Comm Controller.

- a. **Bump back procedures:** The employee wishing to bump back to his/her prior job classification shall notify management of his/her election in writing at least thirty (30) calendar days prior to the posting of the next shake-up for Comm Controllers and Service Supervisors. Management shall provide written acknowledgement of receipt of the employee's bump back election. The employee will be eligible to sign in the next shake-up signing following their written bump back notice to management. Signing will be done by order of seniority based on the employee's cumulative seniority per Section 8.b of this Agreement.
- b. **Return to Comm Center:** Once an employee has exercised their one-time bump back opportunity, they may only return to work in the Comm Center when selected to fill a regular vacancy as outlined in Section 13 of this Agreement.

15. Termination of Pilot Program: PT may terminate the Pilot Program at the end of any shake-up. If the Pilot Program is to be terminated, PT will provide written notification to the Union and affected employees at least thirty (30) calendar days prior to the posting of the next shake-up for Comm Controllers and Service Supervisors. If the Pilot Program is terminated, employees who are in the Comm Controller classification shall bump back to the classification they held immediately prior to their promotion to Comm Controller, including pay grade, and shall sign with employees in their resumed classification at the next shake-up signing.

16. Adoption of the permanent Comm Controller job classification: If, at the end of the Pilot Program, PT decides to adopt the Comm Controller job classification on a permanent basis, the classification title of "Communications Controller" and salary grade [equivalent to the current Communications Coordinator] shall be incorporated into Appendix A of the CBA. The remainder of this Agreement will be incorporated into the CBA, as applicable, to ensure the continuation of the new job classification's wages and working conditions, to include the following:

- a. All employees filling the Comm Controller positions at the time of the job classification adoption shall be placed in the job classification and salary grade on a permanent basis.
- b. All employees shall be eligible to apply for the Relief Comm Controller program, and the eligibility restriction of Service Supervisors and Relief Service Supervisors in Section 11 of the Agreement shall no longer apply.
- c. The voluntary bump back option in Section 14 of this Agreement shall no longer be available.

If this agreement conflicts with any provisions of the new (2017+) CBA or any previously signed MOA or MOU, the provisions of this agreement shall supersede the prior agreement(s). This agreement shall become effective on the date the new (2017+) CBA is signed by the parties, at which time, PT will commence the implementation of this Pilot Program.

MEMORANDUM OF AGREEMENT – DISCIPLINE

Pierce Transit and ATU Local 758 Agreement Related to Discipline

PT and ATU agree to the following:

- The parties are currently bargaining the terms of a CBA effective July 1, 2017 and onward.
- During bargaining, PT proposed changes to Article 11 (discipline & discharge) and proposed updating its discipline policies. ATU disagreed with the changes to Article 11 and objected to bargaining the policy language. In an effort to ratify the CBA expeditiously, the parties agree to the following compromise:
 - The CBA language in Article 11 will remain unchanged. PT withdraws its proposal to update Article 11. ATU also agrees to withdraw its proposal on Article 11.
 - The parties agree the primary focus of any future discipline decision shall be the facts and severity of the underlying conduct. Lists of discipline categories serve solely as guidelines and do not override this basic principle.
 - Following signature of this Agreement, PT may update its discipline policies and interpret these updated policies when making discipline decisions. However, ATU reserves the right to challenge any and all discipline decisions it disagrees with based on "just cause," progressive discipline, and the grievance rights listed in the CBA.

Signed by the parties on September 11, 2017.
